Each school district shall have a district improvement plan that is developed, evaluated, and revised annually, in accordance with district policy, by the superintendent with the assistance of the district-level committee. (Section 11.251 of the Texas Education Code)

Each school year, the principal of each school campus, with the assistance of the campus-level committee, shall develop, review, and revise the campus improvement plan for the purpose of improving student performance for all student populations, including students in special education programs under Subchapter A, Chapter 29, with respect to the academic excellence indicators adopted under Section 39.051 and any other appropriate performance measures for special needs populations. (Section 11.253 of the Texas Education Code)

State Compensatory Education / At Risk Students

This District has written policies and procedures to identify the following:

- Students who are at risk of dropping out of school according to state criteria
- Students who are at risk of dropping out of school according to local criteria
- How students are entered into the SCE program
- How students are exited from the SCE program
- The cost of the regular education program in relation to budget allocations per student and/or instructional staff per student ratio

The process used to identify students at risk is:

Each year, given the 14 indicators provided by the state, TJH disaggregates student data to see which students meet one or more of the given criterion. The principal prints the at-risk worksheets from TXEIS, completes the worksheet, indicating correct indicators, and submits this list to the campus PEIMS coordinator before the October snapshot date.

The process used to exit students from the SCE program who no longer qualifies is:

Using student level data in comparison to the state indicators, the principal reviews which students/indicators are still relevant to needs/circumstance of the student. Adjustments are made when needed and changes are submitted through to the PEIMS coordinator.

State of Texas At Risk Student Eligibility Criteria:

A student under 21 years of age and who:

1. Is in prekindergarten – grade 3 and did not perform satisfactorily on a readiness test/assessment given during the current school year.
2. Is in grades 7-12 and did not maintain a 70 average in two or more subjects in the foundation curriculum during a semester in the preceding or current school year OR is not maintaining a 70 average in two or more foundation subjects in the current semester.
3. Was not advanced from one grade to the next for one or more school years
4. Did not perform satisfactorily on a state assessment instrument, and has not in the previous or current school year performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument
5. Is pregnant or is a parent
6. Has been placed in an AEP during the preceding or current school year
7. Has been expelled during the preceding or current school year
8. Is currently on parole, probation, deferred prosecution, or other conditional release

9. Was previously reported through PEIMS to have dropped out of school
10. Is a student of limited English Proficiency
11. Is in the custody or care of DPRS or has, during the current school year, been referred to DPRS
12. Is homeless
13. Resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.
14. Has been incarcerated or has a parent or guardian who has been incarcerated, within the lifetime of the student, in a penal institution as defined by Section 1.07, Penal Code .

Comprehensive Needs Assessment

Data Sources Reviewed

Local assessment data including MAPS for 6th-8th students, PEIMS reports including attendance reports, discipline/office referrals, personnel records, surveys (parent, teacher, student), campus master schedule, meeting sign-in sheets & notes, PD transcripts & records, classroom grades, failure reports, input from stakeholders (STAAR & EOC Assessment results were unavailable due to the COVID-19 pandemic).

Identified Strengths

- High attendance/participation rate during Remote Asynchronous Learning
- 100% graduation rate
- Highly qualified staff with a mix of veteran teachers, who provide knowledge and stability, and young teachers who provide energy and enthusiasm
- Strong culture of “school family”
- High student/staff standards
- Teachers were persistent in their efforts to quickly learn and teach with LMS (Learning Management Systems)
- Strong technology acquisition/upgrade program across district
- Strong school-community relations
- Student participation and success in extracurricular activities

Identified Needs & Priorities

1. Intervention processes to ensure individual students' educational needs are met in a timely manner—particularly the needs of low-achieving, low-growth students and closing the learning gaps of all students at risk of not meeting the state standards on STAAR/EOC assessments (Student Achievement)
2. Increase student engagement and College and Career Readiness by implementing evidence-based instructional strategies and programs (Student Engagement/CCMR)
3. Maintain a high quality staff and ensure teachers have the opportunity to collaborate and participate in high quality professional development (HQ Staff/Professional Development)
4. Increase opportunities for parent, family and community engagement (Family/Community Engagement)
5. Provide students with a safe place to grow and learn (Campus Climate—Student)
- *6. Additional Targeted Supports Required –
White students not achieving grade level (Meets) on STAAR/EOC Reading & Math for 3 years -*See Addendum*
